

INJURY MANAGEMENT – MANAGING WORKERS COMPENSATION CLAIMS AND REHABILITATION

Capability Statement

CEA engages specialist OH&S and risk management consultants dedicated to working with employers to manage their responsibilities in relation to controlling risks within their business. Our team has worked with small, medium and large organisations to review, develop and manage best practice Workers Compensation, OH&S and risk management systems, designed for the individual needs of each company.

Our consultants provide expert advice and consulting across:

- Occupational Health and Safety Management Systems
- Workers Compensation and Rehabilitation
- Environment Management Systems
- Management System and Legislative Compliance Training
- Auditing and Analysis

Our consultants have been committed to the success of Australian businesses for many years and have worked in the OHSW industry for over 20 years.

Working with businesses in all States of Australia as a quality service provider we believe the depth of experience places CEA in an advantageous position to develop enduring partnerships.

Over the past 10 years our consultants have achieved 100% compliance for businesses that have been identified for a SafeworkSA compliance audit. Furthermore in 2006 our support and technical advice saw a company achieve 100% out of 55 employers measured against the Manual Handling Code of Practice.

Our consultants also manage several Self Insured clients in South Australian inclusive of legal and technical support.

The services we provide (in brief):

- Development of Policies and Procedures to meet compliance in OHSW
- Review of hazards to establish hazard register
- Development of mechanisms to monitor, review and controls risks
- Initial Needs Assessment of all staff to identify gaps in OHSW
